

Sparkways Early Learning Carrum Downs

Your Community Childcare Service

Sparkways
Early Learning

Sparkways Early Learning is a new, purpose-built childcare service located in the heart of Carrum Downs.

Our holistic approach nurtures
children's educational foundations
so they can grow and thrive, together
with their family and community.

What we offer:

Quality early education to inspire a love of life-long learning

Each and every member of our diverse and highly experienced education and care team are committed to delivering programs that integrate and nurture each child's strengths, ideas and abilities through play.

Our large, natural, outdoor area encourages learning through open-ended play experiences. Inside you'll find rooms set-up to provide a wide range of stimulating learning experiences in an environment that feels like home. Making it the perfect place for children to make new friends, develop their problem-solving skills, learn to manage their emotions and have fun.

Veggie patch-to-plate nutritional program

Food inspires and fuels learning and growth at Sparkways Early Learning Carrum Downs, and our veggie garden and kitchen are at the heart of our service.

Not only are children taught about where their food comes from and the benefits of healthy eating, but our resident chef also prepares fresh nutritionally balanced meals made from ingredients the children helped grow!

Our intentional mealtimes provide the perfect opportunity to experience and explore diversity, culture and flavour while developing important sharing and hygiene skills.

Positive and collaborative partnerships with families and communities

At Sparkways we recognise you as the first and most important teacher in your child's life.

We're all about people and working together. Through positive collaboration with you and our local communities, we embrace diversity and inclusion, so that children have the opportunity to explore their identity, and build their innate sense of self-confidence and wellbeing.
