Early Learning

Welcome to Richmond Multicultural Children's Centre

We're a small community focused childcare centre located in the heart of Richmond. Our passion is providing high quality education and care to support great life chances.

Our centre provides safe and inclusive play-based care for 6-week to 6-year olds, delivered by a team of qualified early childhood educators and support staff.

We value our community; respecting, encouraging and celebrating their diverse needs. We know that children achieve better outcomes when their strengths, abilities, interests and cultural practices are understood and supported.

Our environment

Situated at the edge of Citizens Park our centre boasts a spacious and shaded, natural outdoor area designed for play and discovery.

Our internal spaces and nursery have been curated to provide a homely environment while supporting a wide range of stimulating learning experiences.

Our staff

We're proud to have a diverse team of passionate and qualified educators who work diligently to provide a safe, inclusive and stimulating environment for children and their families.

Staff engage with children to shape daily schedules, ensuring children have choice about when to play, learn, eat and rest.

"A great educator or teacher takes a child's hand, opens a mind and touches a heart"

Marianne Fruci - Centre Director

The Sparkways Difference

At Sparkways we're more than an early learning and care provider. We also work to improve life chances for children and young people experiencing disadvantage. We do this through our youth mentoring and training and employment pathway programs, as well as supporting families experiencing vulnerability to access early learning.

When you choose to enrol your child at a Sparkways early learning and care service you're not only providing your own child with a great educational start to life, you're also helping to transform the life chances of other Victorian children and young people.
