## PROCEDURES

### GENERAL ORIENTATION PROCEDURES

The time required for orientation and settling in will vary for each child and their family, therefore it is important to be flexible and individualise orientation for each family.

- Offer families the opportunity to visit the service at different times during the day/session, this allows the child and their family to become familiar with the various routines of the service
- Provide reassurance to the family that they may stay with their child for as long as they choose during orientation and whilst settling into the service
- Provide the family with suggestions for developing and maintaining a routine for saying goodbye to their child
- Reassure the family:
  - they can leave their child initially for a shorter day, gradually increasing the length of time
  - they may call and speak to their child's early childhood teacher or educator(s) at an agreed time
  - the early childhood teacher/educators will keep them informed on how their child is settling in
  - they will be informed about any changes or circumstances which may affect them or their child.
- Further considerations may include but are not limited to:
  - send an email during the day to update the family on their child including a photo of the child (if the child has settled in) (*refer to the information and Communication Technology Policy*). **Note:** For children in out-of-home care, the educator may need to seek permission from Child Protection before taking and distributing photos of the child
  - asking the family how they have settled in and if they have any questions or concerns.
- Refer to *Attachment 2* for the general kindergarten registration and enrolment procedures
- Refer to *Attachment 3* for the general early learning & care enrolment procedures
- Refer to *Attachment 6* for cancellation of enrolment and non-attendance procedures.

## BACKGROUND AND LEGISLATION

### BACKGROUND

The *Education and Care Services National Regulations 2011* require approved services to have a policy and procedures in place in relation to enrolment and orientation (*Regulation 168(2) (k)*).

All eligible Victorian children (*refer to Definitions*) will have access to two years of kindergarten before commencing school. Where demand is higher than availability, approved providers must adhere to their eligibility and DE's Priority of Access criteria (*refer to Definitions and Attachment 1*) in order to allocate the available places. The criteria used to Determine the allocation of places takes account of the requirements set out in DE's Kindergarten Funding Guide (*refer to Sources*), the service's philosophy, values and beliefs, and the provisions of the *Equal Opportunity Act 2010*. The Victorian Government requires funded organisations to ensure that their policies and procedures promote equal opportunity for all children. Services participating in a central registration and enrolment scheme are required to comply with the registration and/or enrolment procedures of that scheme.

The Central Registration and Enrolment Scheme (CRES), co-designed by DE provides access to families to register for and secure a place for their children in kindergarten. It is a collaborative model that brings together councils, service providers, MCH staff, support services and other stakeholders to support children and their families. Currently more than half of all local councils across Victoria operate a form of central enrolment or central registration scheme. These schemes provide a single point of entry for families, simplifying the kindergarten enrolment process and improving equity of access.

The *Education and Care Services National Regulations 2011* require approved services to have a policy and procedures in place in relation to enrolment and orientation (*Regulation 168(2) (k)*).

Childcare services providing approved child care (*refer to Definitions*) must abide by the *Family Assistance Legislation Amendment (Jobs for Families Child Care Package) Act 2017* (*refer to Legislation and standards*). Australian families receive help with the cost of child care through the Child Care Subsidy (CCS). The Australian Government, through the Department of Education (DE) and Services Australia, administers the Child Care Subsidy (CCS). Providers must be approved by the department to receive CCS.

DE is responsible for the legislation that underpins CCS. This legislation is called Family Assistance Law (FAL). All providers that receive CCS must follow the rules under FAL. DE monitors providers' compliance with FAL.

The Australian Government subsidises the cost of child care. State and territory governments are responsible for the health, safety, wellbeing and educational outcomes of children.

CCS is paid directly to approved providers and passed on to families as a fee reduction.

Additional Child Care Subsidy (*refer to Sources*) provides additional fee assistance to support vulnerable or disadvantaged families and children. This support recognises the preventative and protective influence of quality child care on a child's health, wellbeing and development; and the importance of continuity of care.

There are four different payments under Additional Child Care Subsidy:

- Additional Child Care Subsidy (child wellbeing): to help children who are at risk of serious abuse or neglect.
- Additional Child Care Subsidy (grandparent): to help grandparents on income support who are the principal caregiver of their grandchildren.
- Additional Child Care Subsidy (temporary financial hardship): to help families experiencing financial hardship.
- Additional Child Care Subsidy (transition to work): to help low-income families transitioning from income support to work.

The Inclusion Support Program is designed to assist early childhood education and care services to include children with additional needs by providing support, in the form of practical and tailored advice and strategies on effective inclusive practice, from contracted Inclusion Agencies as well as funding to address more challenging inclusion barriers.

The Community Child Care Fund is designed to help eligible child care providers address barriers to child care participation, particularly in disadvantaged communities, including Indigenous communities.

The Australian Government considers that immunisation is an important health measure for children and their families, as it is the safest and most effective way of providing protection against harmful and often deadly diseases. To meet the Child Care Subsidy immunisation requirements, children must be immunised according to the standard vaccination schedule, be on an eligible catch-up vaccination schedule or have an approved exemption from being immunised.

Immunisations are an effective means of reducing the risk of vaccine preventable diseases. Early childhood education and care services which are regulated under the *Education and Care Services National Law Act 2010 and Education and Care Services National Regulations 2011* have legislative responsibilities under the *Public Health and Wellbeing Act 2008* to only offer a confirmed place in their programs to children with an Australian Immunisation Register (AIR) Immunisation History Statement (*refer to Definitions*). To meet the Child Care Subsidy immunisation requirements, children must be immunised according to the National Immunisation Program Schedule (*refer to Sources*) set out by the Australian Government Department of Health.

## DEFINITIONS

The terms defined in this section relate specifically to this policy. For regularly used terms e.g. Approved provider, Nominated supervisor, Notifiable complaints, Serious incidents, Duty of care, etc. refer to the Definitions file of the Sparkways policy catalogue.

**Access to Early Learning (AEL):** is an early intervention program for a child who is at least three years old on April 30th in the year of enrolment, providing intensive support to eligible families with multiple and complex needs, assisting them to access universal kindergarten programs.

**NOTE:** To help ensure that children are 'kinder ready', and in order for services to maintain compliance with ratio regulations, children cannot commence kindergarten until they have turned three years of age.

**Australian Immunisation Register (AIR) Immunisation History Statement:** The AIR is a national register administered by Medicare that records all vaccinations given in Australia, including to children. Parents/carers must provide a copy of their most recent AIR Immunisation History Statement, which shows that the child is up to date with their immunisations upon enrolment and when a child has received or been due to receive a vaccination while attending the service. In the case of medical contraindication, an authorised medical practitioner completes and signs a Medical Exemption Form and supplies it to the AIR (previous forms of documentation, for example a letter from a GP or local council, are no longer acceptable). In order to confirm enrolment, the Immunisation History Statement must show the child is up to date with the vaccines they can have, medical contraindication and indicate the due date for the next vaccinations the child is able to receive in the future if applicable.

**Authorised nominee:** (In relation to this policy) is a person who has been given written authority by the parents/guardians of a child to collect that child from the education and care service. These Details will be on the child's enrolment record/form

**Centrelink:** The agency that delivers payments and services to individuals and parents/guardians on behalf of the Australian Government.

**Child care software:** software developed and provided by commercial providers to interact with the Australian Government's Child Care Subsidy System (information technology system) and to support other administrative and management activities for child care providers.

**Child Care Safety Net:** Targeted assistance to vulnerable and at-risk children and their families, as well as supporting child care services in disadvantaged communities to address barriers in accessing child care.

The Child Care Safety Net has three components:

- Additional Child Care Subsidy
- Community Child Care Fund
- Inclusion Support Program

**Child Care Subsidy (CCS):** A Commonwealth Government means tested subsidy to assist eligible parents/guardians with the cost of child care. Payments are paid directly to approved child care providers (*refer to Definitions*). Further information can be found at: [www.dese.gov.au/child-care-package/child-care-subsidy](http://www.dese.gov.au/child-care-package/child-care-subsidy)

**Children/families experiencing vulnerability and/or disadvantage** (in relation to this policy): children are vulnerable if the capacity of parents and family to effectively care, protect and provide for their long-term development and wellbeing is limited. Some factors which may contribute to a child experiencing vulnerability include: a child with a disability; living in a family with a low income, or one which is experiencing problems with housing, domestic violence, substance abuse, or mental health; known to child protection; in statutory out-of-home care; Aboriginal and/or Torres Strait Islander, having a culturally and linguistically diverse background; having a young or sole parent, or a parent with a disability (adapted from the Kindergarten Funding Guide)

**Children with additional needs:** Children whose development or physical condition requires specialist support or children who may need additional support due to language, refugee or asylum seeker experience, complex trauma, cultural or economic circumstances (*refer to Inclusion and Equity Policy*) (*refer to Children/families experiencing vulnerability and/or disadvantage Definition*).

**Central Registration and Enrolment Scheme (CRES):** Provides an equitable and transparent application and allocation process, enabling families to access local kindergartens services within a local government area.

**Complying Written Arrangement:** A written arrangement between a child care provider and an individual to provide child care in return for fees. The arrangement includes certain required information:

- details of fees charged under the arrangement (providers can reference a fee schedule or information available on their website), which the parties understand may vary from time to time

Additional information can be included to support the individual's understanding of their payment obligations

**Deferral:** When a child does not attend in the year when they are eligible for a funded kindergarten place or is officially withdrawn from a service prior to the annual confirmation in April DE considers that this child has not accessed a year of funded kindergarten and is therefore eligible for a DE funded kindergarten place in the following year.

**Early Start Kindergarten (ESK):** Early Start Kindergarten provides eligible children with 15 hours of free kindergarten each week led by a qualified early childhood registered with Victorian Institute of Teaching (VIT). ESK is available to children who are at least three years old by 30 April in the year they are enrolled to attend the program and are:

**Enrolment (EL&C Specific):** An enrolment occurs when the provider has an arrangement with an individual or organisation to provide care to a child and the provider submits an enrolment notice in the Child Care Subsidy System. It is a requirement under Family Assistance Law for all children who attend child care (or have an arrangement for care) to have an enrolment notice regardless of their Child Care Subsidy eligibility status

**Enrolment notice:** The notice given by a provider through the Child Care Subsidy System that they have an arrangement with an individual or organisation to provide care to a child.

**Enrolment record:** the collection of documents which contains information on each child as required under the National Regulations (*Regulations 160, 161, 162*) including but not limited to parent Details; emergency contacts; authorised nominee; transportation authorisations, Details of any court orders; and health information including immunisation status. - providing a free 15-hour program to 4-year-old children enrolled at a sessional service
- providing a free 5 to 15-hour program to 3-year-old children enrolled at a sessional service (subject to the length of funded program offered)
- offsetting the funded kindergarten program component of parent fees for 3 and 4-year-old children enrolled at a long day care service.

**Inclusion Support Program:** A program that assists child care services to include children with additional needs by providing tailored inclusion advice and support from contracted Inclusion Agencies as well as funding to address more challenging inclusion barriers.

**Kindergarten registration fee:** a payment to cover administrative costs associated with the processing of a child's enrolment application for a place in a program at the service, if applicable.

**Kindergarten registration form:** The process of families providing initial information about their child to confirm their intention to enrol in kindergarten, administered by the CRES Provider (*refer to Definition*) or by the kindergarten service. This includes collection of basic contact information, kindergarten preferences and any other Details that may inform prioritised allocation in kindergarten (*refer to Attachment 4*)

**Kindergarten Fee Subsidy (KFS):** Promotes kindergarten participation by enabling eligible children in funded three and four-year-old groups to access up to 15 hours of kindergarten delivered by a qualified early childhood teacher free of charge or at low cost.

**Local Government Area (LGA):** a geographic area governed by a local council or shire

**Orientation:** Process to support the child's transition to the service, whereby families spend time at the service with the child a few times before leaving the child on their own. The time required for orientation and settling in will vary for each child and their family.

**Priority of access:** in instances where more eligible children apply for a place at a service than there are places available, the service must allocate spaces using the criteria outlined in the DE Kindergarten Funding Guide (*refer to Attachment 1 and Sources*).

**Provider Entry Point:** The online interface that providers can use to sign in and access the Child Care Subsidy System

**Registration:** The process of families and carers giving initial information about their child to confirm their intention to enrol in kindergarten, administered by the service provider/EYM/CRES Provider. This includes collection of basic contact information, kindergarten preferences and any other Details that may inform prioritised allocation in kindergarten.

**School Readiness Funding:** funding provided by DE for programs and supports that builds the capacity of kindergarten services, educators and families to support children's learning and development outcomes.

**Second year of funded four-year-old kindergarten:** second year eligibility may be considered when a child shows delays in key outcomes of learning and development. An assessment is carried out for each child by an early childhood teacher in Term 4 (the year before the child is to attend school) when a second year is being considered.

**Support period:** allows specific categories of children of families experiencing vulnerability and disadvantage to enrol and attend the service without an AIR Immunisation History Statement (*refer to Definitions*) or when the statement is assessed as not being up to date. Services complete the support period eligibility form with families during enrolment and keep a copy with each child's enrolment record. The 16-week support period starts on the first day of the child's attendance at the service. During the support period, the service is

required to take reasonable steps to obtain the AIR Immunisation History Statement (*refer to Definitions*) and to encourage families to access immunisation services.

## ELIGIBILITY AND PRIORITY OF ACCESS CRITERIA

### FOR A THREE OR FOUR-YEAR-OLD KINDERGARTEN PROGRAM

The approved provider must notify all families of the priority of access (PoA) policy that applies when they enrol their child.

In instances where more eligible children apply for a place at a kindergarten service than there are places available, Sparkways follows the Department of Education's Priority of Access criteria (refer to Attachment 1), that prioritises allocation of kindergarten places for children who:

- Are at risk of abuse or neglect, including out of home care
- Are Aboriginal and/or Torres Strait Islander
- Are, or have parents or carers who are, asylum seekers or refugees
- Have additional developmental needs

Hold or parent holds a Commonwealth Health Care Card, Pensioner Concession Card, Veteran's Affairs Card must:

- prioritise children based on the Department of Education (DE) criteria listed in the table below
- work with other local kindergarten services and the regional DE office to ensure all eligible children have access to a kindergarten place.

These criteria must be used by the approved provider when prioritising enrolments. Guidance is available from the Department's local ECIB's if required.

Service providers should build flexibility into their enrolment processes that consider the circumstances of families from priority groups.

If participating in a central registration and enrolment scheme, the CRES provider will allocate places in accordance with DE's PoA criteria, and other local criteria if applicable

Services must first apply the DE's PoA criteria, and following this may apply locally developed criteria, as per examples below.

All information relating to PoA criteria should be respectfully collected from families upon enrolment, recorded in each child's confidential enrolment record and entered into the Kindergarten Information Management (KIM) system, where applicable.

#### DE's Priority of Access criteria

High priority children	Criteria and processes for verifying need(s)
<b>Children at risk of abuse or neglect, including children in Out-of-Home Care</b>	The child is: <ul style="list-style-type: none"><li>• eligible for ESK or AEL, and/or</li><li>• family, carer or legal guardian identifies the child as known to Child Protection or in out-of-home care, and/or</li><li>• referred by one of the following:<ul style="list-style-type: none"><li>• Child Protection</li><li>• Child and family services (family services referral and support team, Child FIRST/integrated family services/Services Connect case worker)</li><li>• Pre-School Field Officer</li><li>• Maternal and Child Health nurse</li><li>• out-of-home care provider.</li></ul></li></ul>

<b>Aboriginal and/or Torres Strait Islander children</b>	As part of the enrolment process, service providers must respectfully ask families ‘is your child Aboriginal and/or Torres Strait Islander?’ and record this information in KIMS
<b>Asylum seeker and refugee children</b>	Child or family holds a visa or supporting documentation and information, including an ImmiCard, identifying the child and/or parents, carers or legal guardians as a refugee or asylum seeker and/or Referred as a refugee or asylum seeker by a CALD outreach worker.
<b>Children eligible for the Kindergarten Fee Subsidy</b>	A child or parent holds a Commonwealth Health Care Card, Pensioner Concession Card, Veteran’s Affairs Card, or The child is identified on their birth certificate as one of a set of triplets, quadruplets or more.
<b>High priority children</b>	<b>Process that could be used to verify need(s)</b>
<b>Children with additional needs, defined as children who:</b> <ul style="list-style-type: none"> <li>with an identified specific disability or developmental delay</li> <li>who require additional assistance to fully participate in the kindergarten program</li> <li>who require a combination of services which are individually planned</li> </ul>	The child: <ul style="list-style-type: none"> <li>holds a Child Disability Health Care Card, and/or</li> <li>has previously been approved for Kindergarten Inclusion Support (KIS) program, and/or</li> <li>has been referred by: <ul style="list-style-type: none"> <li>the National Disability Insurance Scheme</li> <li>Early Childhood Intervention Services</li> <li>Preschool Field Officer</li> <li>Maternal and Child Health nurse, or</li> <li>is assessed as having delays in 2 or more areas and is declared eligible for a second year of funded Four-Year-Old Kindergarten.</li> </ul> </li> </ul>

<b>Examples to consider for second priority</b>
<ul style="list-style-type: none"> <li>children who turn four years of age by 30 April in the year they will attend kindergarten; or</li> <li>children who turn three years of age* by 30 April in the year they will attend kindergarten</li> </ul> <p><b>NOTE:</b> In order for services to maintain compliance with ratio regulations, children cannot commence kindergarten until they have turned three years of age.</p> <ul style="list-style-type: none"> <li>children turning six years of age at kindergarten who have been granted an exemption from school-entry age requirements by the regional office of DE</li> <li>children who have a sibling that has previously attended the same kindergarten as their first preference</li> <li>home address falls within the same suburb as the kindergarten</li> <li>family lives, works, studies or attends child care in [LGA]</li> </ul>

<ul style="list-style-type: none"> <li>service for transient families e.g. RAAF, seasonal workers and tourism workers</li> <li>date of application</li> <li>local community zoning</li> <li>full fee paying families</li> </ul>

**Note:** DE’s PoA guidelines are to ensure that kindergarten programs are available to those children who stand to benefit the most from attending early education. In mixed age groups, PoA guideline will equally prioritise three and four-year-old children that are considered high priority. Where programs for three- and four-year old children are provided separately, the PoA criteria will be applied separately for each age cohort.

**\* Early Start Kindergarten and Three-Year-Old Kindergarten**

During the roll-out of Three-Year-Old Kindergarten, Early Start Kindergarten (ESK) (*refer to Definitions*) will continue to provide 15 hours a week of funded kindergarten for all eligible children up until 2029, when three-year-old children across the state will have access to 15 hours.

It is important to continue to enrol eligible children in ESK, even if funded Three-Year-Old Kindergarten is available at the service. This guarantees that ESK eligible children can continue to access 15-hour kindergarten programs and allows the correct calculation of the service's SRF entitlement.

The Kindergarten Funding Guide 2023 states for ESK funding, service providers should:

- provide up to 15 hours in a kindergarten program free of charge and maximise access to 15 hours of kindergarten (children accessing ESK can be enrolled in a 3-year-old group, a 4-year-old group, a mixed age group or a combination of groups in order to access the full 15 hours per week)

This guarantees that children experiencing vulnerability will continue to be enrolled in the full 15 hours of kindergarten in all service settings, including long day care. It also ensures that service providers can continue to receive all funding entitlements.

Service providers are expected to continue to provide the full 15 hours funded through Early Start Kindergarten, even in instances where three-year-old groups are being offered fewer than 15 hours.

ESK is available to children who turn three years of age by 30 April in the year of enrolment and who:

- are Aboriginal and/or Torres Strait Islander
- have had contact with Child Protection
- have a refugee or asylum seeker background\*

\*Children/families without a current refugee visa or ImmiCard who have a recent refugee experience may be eligible by exception for Early Start Kindergarten, for more information contact your local Department of Education and office.

Refer to the Department of Education's website for up-to-date information:

[www.education.vic.gov.au](http://www.education.vic.gov.au)

**NOTE:** In order for services to maintain compliance with ratio regulations, children cannot commence kindergarten until they have turned three years of age.

^CRES: Central Registration and Enrolment Scheme

\* If the kindergarten believes a family will need extra support completing a registration form or are likely to miss the first round registration date, refer them to the [CRES Provider] with the attached referral form. [CRES Provider] will follow up with this family or carer to offer support in getting their children into kindergarten.

### Kindergarten registration dates

If families miss the registration close deadline, they can still register although they will be placed into a pool for second-round (or even later rounds) of allocation and are less likely to get their top preference. After second round offers have been confirmed, [CRES provider] will continue to allocate children to kindergarten places where they are available. More places may become available as children move kindergartens or withdraw, or when kindergartens add capacity.

Date	Activity
TBC	Registrations open
TBC	Registrations close*
TBC	First round offers
TBC	Acceptance of first round offers due

TBC	Second round offers
TBC	Acceptance of second round offers due
TBC	Subsequent offers on an individual basis

\*Registrations will still be accepted after 30 May, but registrations received prior will be allocated first. Children eligible for Priority of Access will be prioritised regardless of when registration is received.

## Registration

The quickest way to complete a registration form is online through the relevant CRES provider.

Families can also complete a paper form and post it to the relevant CRES provider. Registration forms are provided by CRES to the kindergarten service and distributed to families. A separate registration form must be completed for each child.

Families cannot register directly with the kindergarten that are part of the CRES, they must go through the centralised registration process. Kindergarten's can direct families to register through the CRES provider and assist them to complete the registration.

To fill out the registration form, families will need to provide information about themselves and their child. At this stage they do not need to attach any supporting documentation. They will need a credit card (to pay the registration fee). The fee can also be paid in person at the relevant council office. This fee is waived for all families and carers eligible for Priority of Access allocation.

The registration form asks families for:

- Basic information about the child including name, date of birth, language spoken at home, previous kindergarten attendance and immunisation status.
- Details of any additional support the child might require due to a disability including intellectual, sensory or physical impairment.
- Contact Details for the family or carer and any additional adults that should be kept informed throughout the process (e.g. another family member, a case worker or other support service staff member the family or carer trusts).
- Whether the child is identified as fulfilling any of the following criteria:
  - Is Aboriginal or Torres Strait Islander
  - Is from a multiple birth (triplet or greater)
  - Has had contact with Child Protection
  - Is in Out-Of-Home Care
  - Holds, or has a family member who holds, a Commonwealth Health Care Card, Commonwealth Pensioner Concession Card, Department of Veteran's Affairs Gold Card or White Card, or a Refugee or Asylum Seeker Visa.

It is strongly recommended that you **do not collect** documents proving the child's birth date, address, visa status, concession card status or similar at the registration stage. A statement at the end of the registration form that certifies the information provided is true can suffice as a legal declaration.

This will make accessing kindergarten as easy as possible for families, particularly those who are experiencing vulnerability or disadvantage. Gathering documentation can be a barrier for many families and carers attempting or completing the form and establishing contact with the CRES. Once registered, the CRES Provider, the kindergarten service, MCH or support service staff can assist the family or carer to gather documentation for the enrolment stage.

If your CRES does require documentation at this stage and this cannot be changed, include the information below.

- Proof of identity: the child's birth certificate, birth notice or passport
- Proof of residence: a utility bill, rental agreement or rates notice with family name and address (this must be the main residence of the child).

- Subsidy card and immigration visas (where applicable).
- Documents from Family Support Services or a MCH nurse confirming high support needs and/or disability, or letter from a doctor for complex medical needs (where applicable).
- Other proof required to verify the child meets local criteria.
- Credit card (to pay the registration fee). The fee can also be paid in person at their nearest council office. This fee is waived for all families and carers eligible for ESK/KFS/priority allocation.

## Enrolment

Once a kindergarten place has been accepted, the enrolment process can begin.

To enrol a child, families will need to provide copies of (if not already done so):

- Proof of identity: child's birth certificate, birth notice or passport
- Proof of residence: a utilities bill, rental agreement or rates notice with your family name and address (this must be the main residence of your child).
- Concession cards and immigration visas (where applicable).
- Documents from Family Support Services or a Maternal and Child Health nurse confirming high support needs and/or disability or letter from a doctor for complex medical needs (where applicable).
- Immunisation History Statement (unless experiencing vulnerability or disadvantage, at which point they can take advantage of a 16-week 'support period'. More information is available at <https://www2.health.vic.gov.au/public-health/immunisation/vaccination-children/no-jab-no-play/immunisation-enrolment-toolkit>)
- Documents detailing any medical conditions or requirements the child has.

\* Where a birth certificate cannot be produced, other acceptable evidence of a child's full name and date of birth includes:

- statement from the Australian Immunisation Register (AIR)
- Medicare card
- letter from the doctor or midwife who attended the birth
- doctor's note attesting to a child's age
- passport
- citizenship documents or Australia visa documents or Immicard.

The kindergarten should ensure that information regarding any additional documentation is easily accessible for families, carers and support services.

The kindergarten should ensure that information regarding any additional documentation is easily accessible for families, carers and support services.

**Note:** Places will not be allocated to children until any outstanding fees owed to the service by the family is paid, or a payment plan is agreed to between the family and the service (*refer to Fees Policy*).

## Enrolment Records

Enrolment records (*refer to Definitions*) form part of the enrolment procedure and are completed by families after they have been allocated a place, and before commencing attendance. An example enrolment form can be found on the DE website: [www.education.vic.gov.au](http://www.education.vic.gov.au)

## Cancellations

Families to notify [Service Name] in writing of their intention to leave the service. If the service is not informed, fees will continue to be generated for that place.

## Second Year Registration

- Families of children who have been Determined as eligible for a second year must complete and submit a kindergarten registration form for a second year, signed and dated by the early childhood teacher.
- It will be weighted with the relevant points and allocated accordingly.

- A Declaration of Eligibility Form for a second year of kindergarten must be completed and submitted to the relevant funding authority.

### Children Younger than the Eligible Preschool Age

- If a child is aged less than four by April 30 in the year they are to attend Kindergarten, the family must request early school entry approval in writing for their child to attend school in the following year. Requests should be made to the officer in charge, usually a director of the relevant government education authority region, or the non-government school that the child will be attending.
- Should the child not attend school the following year, the child will not be eligible for another year of funded preschool, as identified in the relevant funding criteria.

### Children Older than the Eligible Preschool Age

- Some children may turn six years of age during their preschool year. This is usually relevant in the case of children who have been identified as requiring a second year of preschool.
- Children who will turn six during the preschool year must apply for an exemption from school from the relevant Regional Director of the education department.
- Families must complete an 'Exemption from School due to attendance in kindergarten program' form before the child starts kindergarten and submit it to relevant regional office of the education department authority. The form is available on the website or by contacting the Regional Office.
- The kindergarten service must sight the approved exemption letter from relevant education authority and note that it has been sighted on the child's enrolment record. Data on the number of children attending Kindergarten who are six years plus, and confirmation that the exemption was sighted for each child, must be provided as part of funding data collection process.

### Early entry to Four-Year-Old Kindergarten

- Early entry to Four-Year-Old Kindergarten may be appropriate for some gifted children where families are seeking an early entry to school for their child i.e. the child will not be 5 years of age before 30 April in the year of school commencement.
- Early entry to school is approved only when exceptional circumstances apply and is subject to an application process and rigorous eligibility criteria. It is important to note that most children who enrol early in 4-Year-Old Kindergarten are not approved for early entry into school because they did not meet the eligibility criteria.
- The decision regarding early entry should be discussed with parents/guardians and consider the following:
- children are not guaranteed early school entry as a result of being enrolled to attend kindergarten early
- to start school early the child must possess suitable academic ability as evidenced by a formal cognitive assessment, and be considered at risk of long-term educational disadvantage if early entry to school.

### GENERAL EARLY LEARNING & CARE ENROLMENT PROCEDURES

#### PRIORITY OF ACCESS

There are no requirements for filling vacancies. The approved provider can set their own rules for deciding who receives a place.

Approved providers are asked to (but are not legally obliged to) prioritise children who are:

- at risk of serious abuse or neglect
- a child of a sole parent who satisfies, or parents who both satisfy, the activity test through paid employment.  
This meets the Australian Government's aims of helping parents/guardians who are most in need and supporting the safety and wellbeing of children at risk.

The approved provider can set their own rules for deciding who receives a place, this can include but not limited to:

- Siblings attending the service
- Length of time on the waitlist
- Proximity to the service
- Family works or studies close to the service

#### ENROLMENT PROCEDURE

Enrolments will be taken throughout the year subject to availability. If there are no placements available, the child will be placed on a waiting list. Once a family has decided to commence at Sparkways they will need to:

- Complete separate enrolment records (*refer to Definitions*) for each child attending the service
- Provide the following information:
  - child's name, address and Details of any special needs
  - information about themselves and any other parents, carers or guardians
  - Details of the people who can pick up the child
  - child's birth certificate or other identity documents
  - Details of any parenting orders or legal matters to do with the care or safety of the child (*refer to Privacy and Confidentiality Policy*)
  - the child's medical health and AIR Immunisation History Statement status.
- To facilitate the inclusion of all children into the program, the enrolment process should clearly identify any additional or specific needs of the child (*refer to Inclusion and Equity Policy*).
- Completed enrolment records are to be forwarded to the person responsible for the enrolment process at Sparkways
- Access to completed enrolment records will be restricted to the person responsible for the enrolment process, the approved provider and/or nominated supervisor at the service, unless otherwise specified by the approved provider.
- Parent/guardians to create or access their Centrelink online account to lodge a Child Care Subsidy claim for each of their children (*refer to Diagram 1*).
- The service and parent/guardian to complete and sign a Complying Written Agreement (*refer to Definitions*), which includes:
  - The names and contact Details of the approved provider and the parent/guardians(s)
  - the date the arrangement starts
  - the name and date of birth of the child (or children) if care will be provided on a routine basis and if so
    - Details about the days on which sessions of care will usually occur
    - the usual start and end times for these sessions of care
    - whether care will be on a casual or flexible basis (in addition to, or instead of, a routine basis)

- Details of fees charged under the arrangement (providers can reference a fee schedule or information available on their website), which the parties understand may vary from time to time.
- additional information can be included to support the individual’s understanding of their payment obligations.
- once the CWA is signed, it is then filed in the child’s record

## IMMUNISATION – NO JAB NO PLAY

- Prior to the child/children commencing care Australian Immunisation Register (AIR) Immunisation History Statement is assessed as outlined in the Immunisation enrolment toolkit for early childhood education and care services by the person responsible for the enrolment process on behalf of the approved provider.
- The “Key dates work form for immunisation and enrolment” in the Immunisation enrolment toolkit for early childhood education and care services is used to Determine the date at which immunisations must be up to date. The toolkit also provides guidance on assessing immunisation documentation to Determine if a child is up to date or qualifies for an exemption. The following documents and resources can be accessed from [www2.health.vic.gov.au](http://www2.health.vic.gov.au):
  - The Immunisation enrolment toolkit for early childhood education and care services (search ‘Immunisation enrolment toolkit’)
  - The Key dates work form for Immunisation and enrolment (search ‘Key Dates work form’)
  - Hard copies of the immunisation resources (search ‘immunisation resources order form’)
- The acceptable outcomes of the assessment for offering a confirmed place are:
  - That the next due vaccine for the child on the AIR Immunisation History Statement is within the acceptable timeframe for an enrolment, or;
  - That the child has been assessed by [Service Name] as being eligible for a 16-week support period
- The person responsible for the enrolment process advises the parent/guardian in writing whether a confirmed place is offered, and the enrolment can proceed.
- Parents/guardians who do not have an up to date AIR Immunisation History Statement and whose child is not eligible for the support period cannot be offered a place and are referred to Australian Childhood Immunisation Register or to an immunisation provider (*refer to Attachment 5*).

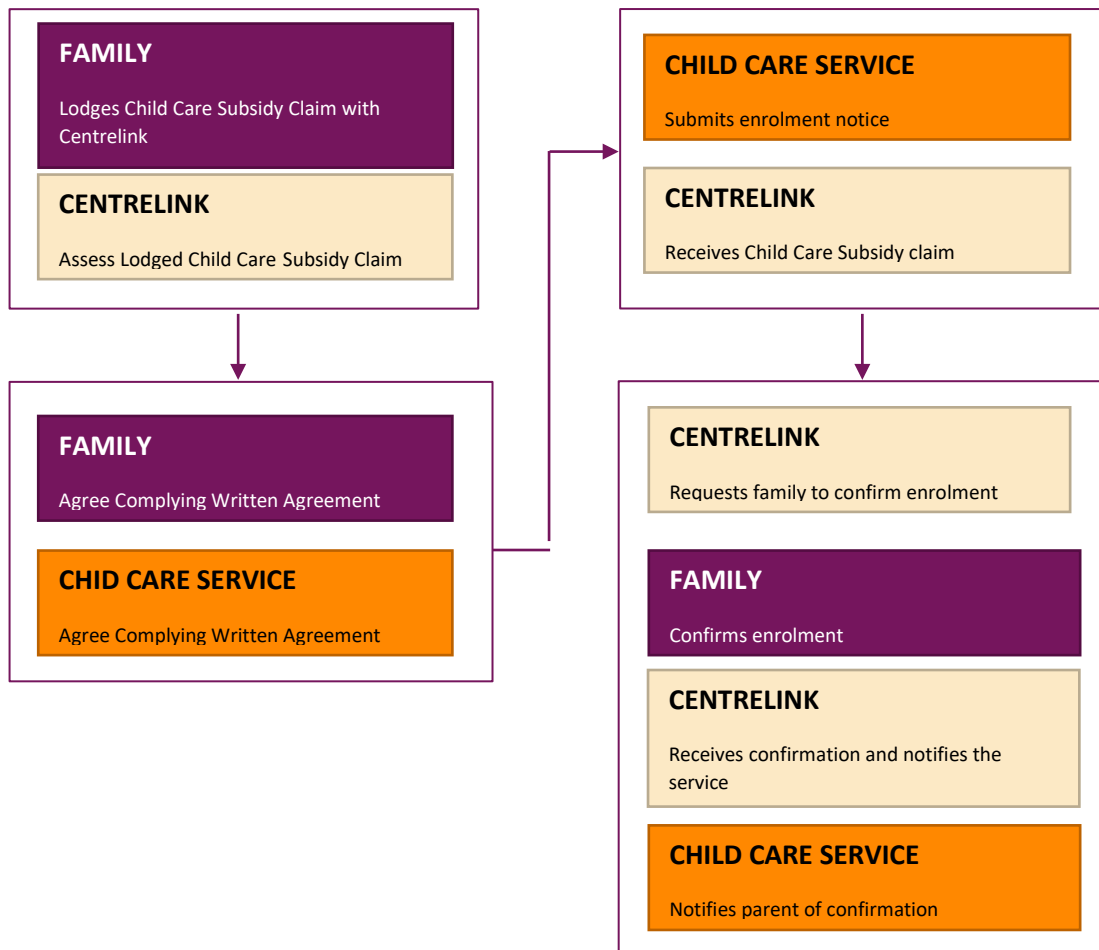

## CHILD CARE SUBSIDY ENROLMENT PROCESS

Enrolling children is a requirement under *Family Assistance Law* for all children who attend child care (or have an arrangement for care) regardless of their parent’s or guardian’s eligibility for Child Care Subsidy.

- The person responsible for the enrolment e.g. the approved provider must lodge an enrolment notice (through their child care software or the PEP) in the Child Care Subsidy System to show they have made an arrangement with the parent/guardian and the child is enrolled (*refer to Diagram 1*).
- The approved provider for the enrolment may need to provide several enrolment notices for a child if there is more than one arrangement to provide care for that child (because those arrangements are considered different enrolments under \_\_\_\_\_)—for example, where either:
  - a child is a dependent child of two families, such as when separated parents share care for a child
  - the fees for some sessions of care provided to a child are paid by a third party (such as an employer) and other sessions are paid by the parent(s).
- The agreement through which families can receive Child Care Subsidy is called a Complying Written Arrangement (*Refer to Definitions*). A Complying Written Arrangement is an agreement to provide care in return for fees.
- Complying Written Arrangements must have certain information. If the Complying Written Arrangement includes this information in writing, it can be made through the same enrolment form or process the provider uses to enrol a child.
- An arrangement must be recorded, either on paper or electronically, and must be kept by the approved provider. An arrangement can cover more than one child if multiple children in a family will attend the same child care service (each child must have their own enrolment).

- Once the approved provider enters into a Complying Written Arrangement with a family, they must submit an enrolment notice within seven days of the end of the week in which the arrangement started.
- If the approved provider enters into a Complying Written Arrangement more than 14 weeks before the child starts care, the enrolment will cease in the system before the child starts care. Therefore, the provider and individual would need to re-establish the Complying Written Arrangement and the provider would need to submit another enrolment notice. The Complying Written Arrangement would need to contain up-to-date details (where any have changed). At minimum, a new start date for the arrangement would be needed.
- Once the provider has made an arrangement with an individual, they can create a new enrolment notice through their child care software or the PEP. The provider must submit an enrolment notice for each child at each service. If an arrangement covers more than one child, or more than one service, a separate enrolment notice must be provided for each child at each service.

### What information is required for an enrolment notice?

Through their child care software or the PEP, providers will be able to view, create, update or cease enrolments for all children attending their service(s). Providers will also be able to see the complete enrolment history (all current and ceased enrolment notices) for each child enrolled with them.

Category	Details to be provided

- After the approved provider submits an enrolment notice for a child, the parent/guardian will be notified and asked to check the main enrolment notice details. This will occur through their Centrelink online account. Where an individual cannot access myGov, they can confirm their enrolment over the phone with Centrelink or by visiting a Centrelink office.

- The parent/guardian must then indicate that either:
  - the enrolment details are correct
  - one or more enrolment details are incorrect (do not reflect their arrangement)
  - the child is not enrolled at the service.
- The approved provider will be notified through their child care software or the PEP when an enrolment has been confirmed.

### Updating and ending arrangements and enrolments

Where there are changes to the arrangement for care between the approved provider and an family, the approved provider must update the arrangement in writing (electronic or hard copy).

The approved provider must update an enrolment notice if:

- the family disagrees with details of an enrolment and the approved provider agrees an update is required
- an arrangement for care is changed at the request of, or in discussion with, the family (and this has been updated in the Complying Written Arrangement)
- the approved provider finds out that the information provided in an enrolment is (or becomes) wrong either at the time of or after the enrolment notice was created
- the arrangement for care ends.

The corresponding enrolment notice must be updated in the Child Care Subsidy System within seven days of the change or event which caused the change to the arrangement.

The Approved Providers should update an existing enrolment notice through their child care software or the PEP by updating only the fields where information has changed and submitting the update.

Where an enrolment has an end date, the approved provider will be notified through the Child Care Subsidy System four weeks before that date.

If care is going to continue under the arrangement, the enrolment end date must be updated or else the arrangement will end. If that happens, the child will need to be re-enrolled and a Complying Written Arrangement will need to be re-established.

An enrolment will end for Child Care Subsidy purposes if a child does not attend a session of care for 14 continuous weeks. The approved provider will be notified after four weeks of no sessions of care being reported.

If the child starts attending the service again after 14 weeks or more, the provider will need to re-establish the Complying Written Arrangement with the family and submit a new enrolment notice.

### WAITLIST

- If there are no suitable vacancies, the child / children's Details will be placed on a waitlist
- Families on the waitlist are not guaranteed a place at Sparkways
- Applications will be entered on the wait list using the priority of access criteria
- Recognition is given to siblings of current children who attend Sparkways
- A non-refundable waiting list application fee will apply to all new applications (remove if not applicable)
- It is the responsibility of families to update personal information, as required
- Sparkways will update the wait list annually by written correspondence
- To remain on the wait list families will need to provide written response within [enter amount] working days from the date of the correspondence

- Families who do not respond to the annual waiting list update request will be removed from the waitlist
- Families who have been offered a place at Sparkways will be advised of a timeframe to accept or decline the offer. If no response is received within the timeframe, the offer will be deemed to have been declined, but the applicant will remain on the waitlist

Children that fit one or more of those criteria will be allocated to a place in kindergarten as a high priority. This form will collect all the information required to Determine if a child is eligible for Priority of Access.

If you believe you or your child are in exceptional circumstances which require prioritisation and are not covered by any of the above criteria, please contact Sparkways to discuss.

### Fees

Families who meet the Priority of Access criteria do not have to pay a fee to register.

Families who do not meet these criteria must pay a one-time non-refundable fee for kindergarten registration of [administration fee amount].

It is strongly recommended that you **do not collect** documents proving the child's birth date, address, visa status, concession card status or similar at the registration stage. A statement at the end of this form that certifies the information provided is true can suffice as a legal declaration. Once registered, staff can assist the family to gather documentation for the enrolment stage.

This will make accessing kindergarten as easy as possible for families, particularly those who are experiencing vulnerability or disadvantage. Gathering documentation can be a barrier for many families attempting or completing the form.

If you do Determine that collecting documentation is necessary, you should include the below paragraph here.

### Before you start, make sure you have copies of:

- Proof of identity: your child's birth certificate, birth notice, or passport
- Proof of residence: a utilities bill, rental agreement or rates notice with your family name and address (this must be the main residence of your child)
- Concession cards and immigration visas (where applicable).
- Documents from Family Support Services or a Maternal and Child Health nurse confirming high support needs and/or disability or letter from a doctor for complex medical needs (where applicable)
- [other proof required to verify the child meets local criteria] (where applicable)

### SAMPLE LETTER FOR PARENTS/GUARDIANS WITHOUT ACCEPTABLE IMMUNISATION DOCUMENTATION

Sparkways

[Address]

[Insert date]

Dear [insert name]

Re: Enrolment at Sparkways for [insert year]

I am contacting you regarding your tentative place for [insert child's name] at [Service Name] in the [insert 3 year old or 4 year old program] in [insert year].

Under the *Public Health and Wellbeing Act 2008* early childhood education and care services cannot enrol a child unless the parent/guardian has provided AIR Immunisation History Statement.

AIR Immunisation History Statement includes evidence that your child:

- is fully vaccinated for their age; or
- has been assessed by our service as being eligible for a 16 week support period.

As we have not received acceptable immunisation documentation for [insert name of child] by the due date, and your child is not eligible for the 16 week support period, we are unable to confirm a place at our service for [insert year] and your child's name has been removed from our list.

Immunisation programs are effective in reducing the risk of vaccine preventable diseases. Immunisation from an early age helps protect your child against serious childhood infections. Further information about immunisations for your child is available from:

- your doctor
- [insert Details of local government immunisation service]
- National Immunisation Information Line Tel. 1800 671 811
- Australian Immunisation Register:

Should you wish to re-apply for a place for [insert child's name], we are happy to accept a new enrolment application accompanied by AIR History Statement. The new application would be considered in line with Sparkways' *Enrolment and Orientation policy*.

Yours sincerely
