

PARENTAL ACCESS AND INVOLVEMENT

QUALITY AREA 6– COLLABORATIVE PARTNERSHIPS WITH FAMILIES AND COMMUNITIES

PURPOSE

This policy provides guidance for the involvement of parents/guardians within Sparkways services.

POLICY STATEMENT

GUIDING PRINCIPLES

Sparkways is committed to:

- Promoting parent/guardian involvement in service delivery and the management of the service
- Fostering a spirit of co-operation between the parents/guardians of children attending the service, the staff, community and Sparkways
- Compliance with all funding and legislative requirements

Whilst Sparkways acknowledges that parent/guardian access and involvement is an integral part of the operation of the service, our duty of care to the children is of prime consideration and takes precedent over parent/guardian participation if this is assessed as creating or posing a potential risk.

SCOPE

This policy applies to the approved provider, persons with management or control, nominated supervisor, persons in day-to-day charge, early childhood teachers, educators, staff, students, volunteers, parents/guardians, children, and others attending the programs and activities of Sparkways, including during offsite excursions and activities.

PROCEDURES

Sparkways will:

- Provide access for parents/guardians to the service at any time their child is attending
- Encourage and support parent participation and involvement in all aspects of the service. Participation will be welcome at all levels, be it active involvement on the Parent Support Group/Committee, support at working bees or involvement in the children's program.
- Encourage communication between families, the staff and Sparkways.
- Review the programs provided (i.e. the sessions and times that children attend), taking into account feedback from families/guardians in the development of future program models.

Staff will:

- Welcome families at the service whenever the program is operating.
- Provide parents with information on how the educational program at the service is developed and the philosophy it is based on.
- Develop the educational program, in consultation with parents incorporating the children's strengths, needs, interests, physical, emotional, intellectual, social and creative development.
- Offer a variety of opportunities for parents to directly participate in the children's program, including spending time with the children, preparation of food and drink, assisting with experiences, excursions and special events, sharing special skills with the children.
- Provide information regarding the educational program through displays and regular newsletters, which will show an understanding of, and consideration for, the relevant languages and cultural diversity of the families using the service.

Parent Helpers (attending infrequently to support their own child's group) are strongly encouraged to hold a current Working with Children Check (WWCC). Volunteers (attending regularly) must hold a current WWCC (*refer to Definitions*).

NOTE: Parents/guardians must work under the direct supervision of service staff at all times and not provide any toileting/bathroom/changeroom assistance to any child but their own.

In addition, Sparkways will provide opportunities for parents/guardians to:

- Offer feedback to the staff concerning the program and make contributions to the children's individual learning.
- Contribute suggestions regarding any aspect of the program through discussion with the staff, Area Manager and/or the Executive Operations Manager.
- Communicate about their child either informally before or after the program, or by appointment during the staff member's non-contact time with the children and encourage parent/guardians to take up these opportunities.
- Discuss their child's individual learning records

Any information gained by a parent/guardian during their time at the service either via a staff member or a child, is to remain confidential.

IDEAS FOR PARENTAL INVOLVEMENT

Sparkways understands that many parents/guardians are working or have other commitments that limit their time to be involved in the service.

However, if able to, involvement can provide opportunities for parents/guardians to:

- Spend valuable time with their child (children look forward to these occasions)
- See the program in progress
- Get to know the staff and their child's friends

Ways in which parents/guardians can be involved include:

- Sharing special skills
- Sharing cultural knowledge
- Reading stories
- Attending working bees
- Attending excursions
- Preparing newsletters
- Fundraising
- Collecting useful material (paper, cartons, shells, cane baskets, pot plants, scarves or dress ups)

Note: please do not send food boxes or egg cartons as they may contain traces of nuts or have been produced alongside such containers.
