## The Sparkways Difference

At Sparkways we're more than an early learning and care provider. As a not-for-profit, we also work to improve life chances for children and young people facing adversity or isolation. We do this through our youth mentoring and training and employment pathway programs, as well as supporting families to access early learning.

When you choose to enrol your child at a Sparkways early learning and care centre you're not only providing your own child with a great educational start to life, you're also helping to transform the life chances of other Victorian children and young people.
